

## 4WD Training by Eureka

4WD Training at its best. 4WD Training Courses conducted in Perth or anywhere in WA. If you're interested in Four Wheel Driver Training whether it be Commercial, Mining, Construction or Recreational you have come to the right place. We enjoy our work and you will too. Professional 4WD Driver Training in Perth, or on your site will teach you how to get the very best from your 4WD, all about safety, using recovery equipment, what equipment you need, and how to use it. Eureka 4WD Training Courses are packed with information, fun and could save your life. Eureka 4WD Training will teach you many driving techniques over a variety of terrains. Tackle gravel roads, sand, mud, deep rutted tracks, rocks and water crossings. Learn defensive driving skills with Eureka 4WD Training and our team of dedicated 4WD trainers. Do you have staff driving on mine sites or access roads?? A NEW 4WD COURSE has been added to the Eureka range of courses. The course is designed for the Resources and Infrastructure sector. The 4WD training course number is RIIVEH305A "Operate & Maintain a 4WD Vehicle". To see the course content [Click Here](#). This, along with our Defensive Driving Course TLIC107C is available 5 days per week. We also have our Gravel Road Induction Program (GRIP) course developed specifically to help reduce the associated risks of driving a 4WD on mine sites. [Click Here](#) for details. For more comprehensive information [Click Here](#). Also Recreational 4WD Training Recreational 4 Wheel Driving can be more fun than you can poke a stick at. To find out more about Eureka's Recreational 4x4 Training Courses [Click Here](#). We also now have mid week recreational courses so [Click Here](#) for the details.
