

Commercial 4WD Course Details

Eureka 4WD Training prides itself in offering you and your staff the very best in personalised training by highly skilled Certificate IV instructors. Not only is Eureka 4WD Training conducted in a professional manner, but we all have fun doing it. Your staff will enjoy a great time, and come away motivated and with new skills. You will benefit in the satisfaction that your staff have been professionally trained to a National Standard by Eureka 4WD Training. There are a number of 4WD Training solutions to choose from, and if you're not too sure which one's best for you, then just give us a call on (08) 9497 5655. Our friendly staff will be able to guide and help you find a course that's relevant to you. Below is a selection of our standard 4WD courses to choose from. Please be aware that participants will need a registered roadworthy 4WD vehicle that has low range capability. Again if you are not sure, please give us a call. Participants are able to share a vehicle (max 3 per vehicle). 4WD Course Selection & Price Guide
